**Intermittent Lane Closures for 16th Street NW Bus Lanes Project from
April 12 through April 26, 2021**

(Washington, D.C.) —The District Department of Transportation (DDOT) is advising all stakeholders to expect the **intermittent closing of northbound and southbound travel lanes on 16th Street NW at Columbia Road NW, Harvard Street NW and Mt Pleasant Street NW, beginning, Monday, April 12, 2021 through April 26, 2021, weather permitting. Be advised that construction will occur on Emancipation Day, April 16, 2021.**

These intermittent lane closures will occur one lane at a time during the off-peak hours of 9:30 a.m. to 3:30 p.m., Monday through Friday with Saturday work under special circumstances and advance notice.

Roadway users should expect short interruptions to two-way traffic. Travel lanes will be tapered as necessary to allow for the safe channelizing of traffic. Temporary sidewalk closures may be required during construction. Pedestrian channelizers, detours, and signage will be installed when these sidewalk closures are needed.

These intermittent lane closures and activities are necessary to complete work related to the 16th Street NW Bus Lanes project from Arkansas Avenue NW to H Street NW. The following construction activity will take place in the upcoming weeks, weather permitting:

- **16th Street NW at Columbia Road/Harvard Street/Mt Pleasant Street NW** – continuing the installation of storm drains, electrical manholes, electrical duct bank, cabinet and pole bases, and relocate traffic signals onto temporary bases. Parking will be restricted on the northbound side of 16th Street NW and Columbia Road NW from 7:00 a.m. to 5:00 p.m., Monday through Friday.

Traffic controls, including signage, will be in place to guide motorists and pedestrians safely through the work zone. All users of the roadway are advised to stay alert and be observant of signage and work zones while traveling in this area.

Once completed, the 16th Street NW Bus Lanes project will improve the performance and reliability of bus routes and pedestrian access along 16th Street NW from Arkansas Avenue NW to H Street NW. This project is anticipated to take a full year to complete.
